Dear Sir:

I have received the Office Action of 9/7/2005 with regard patent application No. 10/945,235. Based on the conclusions of the Office Action I do consider necessary that we should discuss the subject covered in the referred applications during a meeting to be defined at your conveniences. I would provide prototypes of these devices and those cited on the previous art in order to demonstrate their differences as well as reflection in the claims.

Also, I would like to let you know, that the utilization of these new devices in construction industry is expanding rapidly rendering critical the need for their quick intellectual protection.

By the present, I would kindly ask you to set up a meeting at your office and conveniences to discuss the subject matter of the applications referenced above. You are welcomed to contact me by phone, fax or e-mail as shown on the fax header. Also, you may reach me at any time on my cell: 408-655-9172.
